a disturbing glimpse into the manipulation of photographs by stalin shows retouched portraits

this brand new edition of david king s lauded visual history is a unique and brilliant study into the  
doctoring and propogandising of soviet photographs by stalin s regime from the creator of the  
award winning red star over russia the commissar vanishes offers a chilling look at how joseph  
stalin manipulated the science of photography to advance his own political career and to erase the  
memory of his victims on stalin s orders purged rivals were airbrushed from group portraits and  
crowd scenes were altered to depict even greater legions of the faithful for example a 1919  
photograph showing a large crowd of bolsheviks clustered around lenin became with the aid of the  
retoucher an intimate portrait of lenin and stalin sitting alone and then in a later version of stalin by  
himself in each case the juxtaposition of the original and the doctored images yields a fascinating  
terrifying and tragic insight into one of the darkest chapters of modern history publisher s
